Summary

The advertising industry fascinates me, and I am excited about working in the field, creating and developing concepts with a team of copywriters and artists. In order to open my mind to new creative ideas, I have chosen to pursue my Bachelor's of Technology in Communication Design with a concentration in Graphic Design.

One of my favorite quotes on advertising comes from David Ogilvy "I do not regard advertising as entertainment or an art form, but as a medium of information" Ogilvy on Advertising.
